How to use this printable

How to use these sheets

- **One page a day.** Ten minutes of slow, neat writing is better than an hour of rushing.
- **Trace first, then write.** The dark row shows the letter. Trace the grey letters with a pencil, then write on the empty lines.
- **Sit well:** back straight, paper slightly tilted, pencil held lightly about 2 cm from the tip.
- **Order:** small letters (pages 1–26), capital letters (pages 27–52), words (53–58), sentences (59–60).

PRINT TIP

Print on A4 at 100% size. Laminate one copy and use a whiteboard marker for unlimited practice.
