How to use this idea book

How to use this book

1. **Find your class band**: Classes 1–2, 3–5, 6–8 or 9–10.
2. **Pick a subject** and an idea your child likes. Interest matters more than difficulty.
3. **Check the materials** list. Most use things at home: cardboard, chart paper, bottles, clay.
4. **Let the child do it.** Help with cutting and safety, but let the thinking and the handwork be theirs. Teachers can tell.
5. **Write a short note** with every model or file: aim, materials, steps, what you learned.

PLAN THE HOLIDAYS

Divide the work across the vacation: one subject every two or three days, and keep the last week free for finishing and checking.

SAFETY

Use child-safe scissors and glue. Adults should handle hot glue guns, candles, electricity and sharp tools.
