How to use this ebook

Most identity documents in India can now be applied for, corrected and downloaded online. The steps are simple once you know the right portal and the documents to keep ready. This guide covers the services people use most, with the official website for each.

How to use this guide

- Find the document you need in the contents.
- Keep the *Family Documents Register* in *Gov_Services_Checklist.xlsx* updated with numbers, expiry dates and where originals are kept.

USE ONLY OFFICIAL WEBSITES

Search results and social media often show look-alike sites that charge fees or steal data. Official sites end in **.gov.in** or **.nic.in** (and incometax.gov.in, uidai.gov.in, passportindia.gov.in). Never share OTPs with anyone who calls you.

FEES AND STEPS CHANGE

The guide is current as of November 2026. Check the fee and document list on the official portal before applying.
